

# Refugee *Crisis*

## How can *I* help?

More than 50 towns and cities across the UK are now **Cities of Sanctuary**, part of a national movement welcoming people seeking sanctuary from war and persecution.

Our relatively small and rural communities have developed a planned programme of **Respite Sanctuary**, welcoming groups of refugees for Family Outing Days, weekends or longer stays. We're also helping groups in nearby cities, especially Swansea City of Sanctuary, by providing them with financial, material and other general help.

**Find out how YOU can help by visiting:**
